ALLEGRA IN SILVAPLANA!

The beauty of the Engadin, combined with the constant Maloja wind and the many sunny days, make Silvaplana one of the most beautiful spots in the world, both for experienced and beginner kites.

A scenic view of a lake with kitesurfers and a large mountain in the background. The lake is filled with many colorful kitesurfers, and the water is a deep blue. In the foreground, a gravel path leads along the grassy shore, where a few people are walking, including a couple with a small dog. The background features a large, rugged mountain with patches of snow under a clear blue sky.

The location combined with the super infrastructure leaves little to be desired.

Here you will find the kitespot, the kiteshop, various accommodations, a restaurant, as well as showers, changing rooms and toilets all within a 200m radius.

To cover the costs of the private rented ground which is our kitebeach, as well as for the use of the facilities at the sports center (showers, toilets and changing rooms), a small membership fee must be paid.

This fee also pays for our beach-marshals whose job it is to maintain order and ensure your safety on the beach. They will also be happy to help you launch and land your kite!

THE DREAM TEAM!

We are fortunate that many of our instructors keep returning to Silvaplana year after year. This makes us a close-knit team that works well together in a great atmosphere.

With the experience that we have accumulated over the years, we are able to cater to your expectations and provide individual care according to your needs throughout your course.

Find out more about us on our website at [kitesailing.ch](https://www.kitesailing.ch).
